OPERATIONAL ROSTER DIRECTIVES

EMERGENCY ESCALATION & COVER PROTOCOLS

- **Line Accountability:** Duty managers and kitchen leads are directly responsible for terminal door and POS controls during their assigned shift windows [cite: shifts_may_2026.md].
- **Immediate Contact:** In the event of an operational failure, safety capacity break, or technical issue, the assigned *Emergency Escalation Link* must be dialed immediately [cite: shifts_may_2026.md].
- **Shift Handover Alignment:** The transition between Lunch (ending at 16:00) and Dinner (beginning at 17:00) requires a mandatory 60-minute structural turnover loop for sanitization and line replenishment [cite: shifts_may_2026.md].
- **Kitchen Cutoff Support:** Floor managers on Dinner duty must actively enforce the hard back-of-house kitchen order shutdown framework at exactly 10:30 PM.
